TEAM TOTALS

Date of Game.

PRINCIPAL INDIVIDUAL PLAYS

List below all scoring plays. List non-scoring plays (except kickoffs) gaining 50 yards or more each, including punts. Under "type of play" indicate rushing, forward pass, interception runback, punt runback, kickoff runback, punt or field goal. Listing of forward pass play should give passer's name first, then receiver, and combined yardage of pass and run. Measure runbacks only from goal line, if started in end zone, as yardage carried in own end zone is of no value to team. All other plays are measured from line of scrimmage (see Official Rules at right).

OFFICIAL RULES FOR RECORDING FOOTBALL STATISTICS

(Issued by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

(Continued from back of Form 347-A) RECEINING

SECTION 8-FREE KICKS

Free kicks are recorded as kickoffs if made from placement, and as punts if the ball is punted. The receiving player is credited with a kickoff return, or a punt return, respectively.

Touch. P.A.T. P.A.T.

SECTION 6-PUNTS.

Penalties Against: (No.). Article 1: Punts are measured from the line of scrimmage to the point of ultimate advance, if the ball remains in the field of play or goes out of bounds. (Note-"Ultimate advance" is the point where ball goes out of bounds, is downed, or is recovered by the defense to attempt a runback.)

INT. RETURNS

Authenticated by

(Note-"Ultimate advance" of the punt shall be construed to include also any distance which a receiver of the punt may retreat toward his own goal before attempting to return up field. This interpretation gives greatest benefit to both the punter and the receiver, since excellence of the punt normally is responsible for retreat by the receiver. Thus "minus yards" should NOT be recorded under "punt returns".)

Article 2: When a punt goes over the goal line (a touchback), distance of the punt is measured from the line of scrimmage to the 20-yard line only, since this is the limit of the punt's value to the kicking team.

Article 3: If a receiver muffs a punt and the ball continues toward his goal line, the punt is measured to the point of recovery or ultimate advance, as defined above. If a receiver muffs a punt and the ball bounds back toward the kicker's goal, the punt is measured to the point of the muff (the point of ultimate advance), and the receiver is credited with a punt return and with the yards from the point of the muff to the point of recovery, regardless of which team recovers the fumble.

Article 4: Punts blocked are included in "times kicked", and the yardage of a partially blocked kick is included in "yards kicked". If the ball travels toward the kicker's goal, and is recovered by the blocking (defending) team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the kicking team, the yardage is treated as a kick return by the player who blocked the kick, but the blocking team is charged with a fumble lost.

SECTION 7-KICK RETURNS.

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (Exception—Blocked kicks which travel toward the kicker's goal. See Article 4 of Section 6.)

Article 2: The return will be measured from the point where the returning player actually gains control of the ball to the point where the ball is declared dead, or is lost by fumble. There are no "minus yards" under kick returns (see note under Article 1 of Section 6).

Article 3: The return of an attempted field goal, which falls short and is returned by the defending team, is treated as a punt return.

SECTION 9-GOALS FROM THE FIELD.

Successful goals from the field are measured from the scrimmage line to the goal line, plus ten yards, since the goal posts are ten yards behind the goal line. The distance of such kicks is recorded only under "principal individual plays" on the reverse side of the Summary. The distance of a field goal attempt is not recorded under "punting".

SECTION 10-POINTS AFTER TOUCHDOWNS.

Article 1: A player attempting a try-for-point-after-touchdown by kicking is not charged with an attempt when a bad pass from center, or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team", rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt is charged to the individual kicker, regardless of the success or failure of the effort.

Article 2: When a try-for-point-after-touchdown by forward passing is successful, the receiver is both charged with the attempt and credited with the point scored. When such a try is unsuccessful, the passer is charged with the attempt.

SECTION 11-SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

SECTION 12-FUMBLES.

On any play terminated by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling—On rushing play, ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line, before it is recovered by Team B. Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)

Made Goals Points SECTION 13-WILD PASS FROM CENTER

erurns Return Returns Return downs Aff.

Any loss resulting from an obvious wild pass from center is charged to "center pass", and not to any individual player.
