2. No person is deemed to have gained or lost residence while a student at any institution of learning except by changes in status effected under item 3 below, and except that enrollment in a Michigan institution for 3 semester hours or less during the required six months' period shall not preclude the establishment of resident status.
3. The residence of students who are minors follows that of the parents or of the legal guardians. If the family of a University of Michigan student who is a minor moves out of Michigan, the student's residency is maintained so long as he is continuously enrolled. Interruptions for the summer term will not affect the residence status of the student.
4. Minor students who come to the University from other states or countries cannot register as residents on the basis of having a resident of Michigan as guardian except on permission of the administrative officer responsible for the Office of the Registrar in each individual case. Such permission will not be granted where there is evidence that the guardianship was established primarily for the purpose of gaining residence for the minor.
5. Classification as a resident is neither achieved by reason of marriage to a resident nor lost by reason of marriage to a nonresident.
6. An alien lawfully admitted for permanent residence in the United States, who has otherwise met these requirements for residence, is regarded eligible for registration as a resident.
7. Full-time employees of the University, and their children, may register in the University as residents.
8. Teaching Fellows at the University of Michigan whose appointments require at least three contact hours of teaching each week in regularly assigned formal classes, and their dependents, may register in the University as residents. Teaching Fellows who complete two full terms of service during a twelve-month period may register as residents for the third term also.
9. Changes in status from nonresident to resident shall take effect in the term during which the appeal for such change is filed.
10. Discretion to adjust individual cases within the spirit of these regulations is lodged with the administrative officer responsible for the Office of the Registrar.
