RESIDENCE REGULATIONS OF THE UNIVERSITY OF MICHIGAN  
Approved by the Board of Regents, March 15, 1974  
Effective Summer Half Term, 1974

1. Since normally a student comes to The University of Michigan for the primary or sole purpose of attending the University rather than to establish a domicile in Michigan, one who enrolls in the University as a non-resident shall continue to be so classified throughout his attendance as a student, unless and until he demonstrates that his previous domicile has been abandoned and a Michigan domicile established.

2. No student shall be eligible for classification as a resident unless he shall be domiciled in Michigan and has resided in Michigan continuously for not less than one year immediately preceding the first day of classes of the term for which classification is sought.

3. For purposes of these regulations, a resident student is defined as a student domiciled in the State of Michigan. A non-resident student is defined as one whose domicile is elsewhere. A student shall not be considered domiciled in Michigan unless he is in continuous physical residence in this state and intends to make Michigan his permanent home, not only while in attendance at the University but indefinitely thereafter as well, and has no domicile or intent to be domiciled elsewhere.

4. The following facts and circumstances, although not necessarily conclusive, have probative value in support of a claim for residence classification:

- a. Continuous presence in Michigan during periods when not enrolled as a student.
- b. Reliance upon Michigan sources for financial support.
- c. Domicile in Michigan of family, guardian or other relatives or persons legally responsible for the student.
- d. Former domicile in the state and maintenance of significant connections therein while absent.
- e. Ownership of a home in Michigan.
- f. Admission to a licensed practicing profession in Michigan.
- g. Long term military commitments in Michigan.
- h. Commitments to further education in Michigan indicating an intent to stay here permanently.
- i. Acceptance of an offer of permanent employment in Michigan.

Other factors indicating an intent to make Michigan the student's domicile will be considered by the University in classifying a student.

5. The following circumstances, standing alone, shall not constitute sufficient evidence of domicile to effect classification of a student as a resident under these regulations:

- a. Voting or registration for voting.
- b. Employment in any position normally filled by a student.
- c. The lease of living quarters.
- d. A statement of intention to acquire a domicile in Michigan.
- e. Domicile in Michigan of student's spouse.
- f. Automobile registration.
- g. Other public records, e.g., birth and marriage records.

6. An alien who has been lawfully admitted for permanent residence in the United States shall not, by reason of that status alone, be disqualified from classification as a resident, provided, however, that aliens who are present in the United States on a temporary or student visa shall not be eligible for classification as residents.

7. These regulations shall be administered by the Office of the Registrar, in accordance with the following residence review procedures:

- a. It shall be the responsibility of the student to register under the proper residence classification, to advise the Office of the Registrar of possible changes in residence and to furnish all requested information pertinent thereto.
- b. Applications for reclassification shall be filed not later than 20 calendar days following the first day of classes of the term for which such reclassification is sought. Such application shall be filed with the Assistant Registrar for Student Certification and Residence Status (see "f" below for address), and shall set forth in writing a complete statement of the facts upon which it is based, together with affidavits or other supporting documentary evidence. Failure to timely file such an application shall constitute a waiver of all claims to reclassification or rebates for such term.
- c. Any student may appeal the decision of the Assistant Registrar for Student Certification and Residence Status made pursuant to paragraph b, above, by taking the following steps within 20 calendar days after notice of such decision was served upon him either in person, by mail, or by posting in a conspicuous place at 503 South State Street:
  - i. File with the Residency Appeal Committee a written notice of appeal stating the reasons therefore:
  - ii. File a copy of said notice with the Assistant Registrar for Student Certification and Residence Status, together with a written request that all documents submitted pursuant to paragraph b, above, be forwarded to the Residency Appeal Committee. Failure to timely comply with this paragraph c shall constitute a waiver of all claims to reclassification or rebates for the applicable term or terms.

The decision of the Residency Appeal Committee shall be the final recourse within the University.

d. Reclassification, whether pursuant to paragraph b or c above, shall be effective for the term in which the application therefore was timely filed in accordance with paragraph b and for each term thereafter so long as the circumstances upon which the reclassification was based shall remain unchanged. Appropriate refunds shall be made or accounts credited within a reasonable time following such reclassification.

e. Classification or reclassification based upon materially erroneous, false or misleading statements or omissions by or in support of the applicant shall be set aside retroactively upon the discovery of the erroneous nature of such statements.

f. Inquiries should be addressed to: Student Certification Section, Office of the Registrar, L.S. & A. Building, The University of Michigan, Ann Arbor, Michigan 48104.
