Vol. 25, No. 5

The BBA Program

1995-1997

Student Costs and Financial Assistance

Tuition and Fees

The Regents of the University have approved tuition rates and fees for the 1995-1996 academic year.

BBA tuition, for undergraduate upper-division, will be as follows:

Resident Rate (two terms)	\$6,212
Non-Resident Rate (two terms)	\$18,418

All University students will also be assessed an \$80.00 per term registration fee and a small student government fee, not yet determined.

International students should also plan on funds to cover mandatory health insurance.

Tuition Payment

The Cashier's Office will accept money orders or bank drafts in payment of University tuition and fees. Checks should include the student's ID number, and must be written for the exact amount of the fee. Payment may be made before registration, during registration or in installments during the term on dates that will be specified by the University. All fees and fee regulations are subject to change at any time by the Regents.

Paying University fees on time is important. Delinquency is regarded as poor conduct and may lead to disciplinary action. If all financial obligations to the University are not met by the end of each term, the student at least will be prohibited from registering for additional classes and denied transcripts of previous academic work or required to withdraw. No exemption will be granted unless specifically approved by the Board of Regents.

Adjustment in Fees for Drop/Add

A student who changes his or her program in the first three weeks of classes in the full term, or in the first two weeks of classes in the spring or summer half-terms, will be assessed the full fee appropriate to the new elections. If changes in credit hours are made thereafter, the higher of the two fees will be assessed.

Refund of Fees for Withdrawal

- A. Students withdrawing after registration, and before the end of the third week of classes in the full term, or before the end of the second week of classes in the divided term, shall pay a disenrollment fee of \$50 and the registration fee of \$80 (\$40 for each half term).

- B. Students withdrawing during the third week of classes in the half term or in the fourth, fifth, and sixth week of classes in the full term shall pay 50% of the fees assessed plus the \$80 registration fee (\$40 for each half term).
- C. Students withdrawing subsequent to the third week of classes in the half term and to the sixth week of classes in the full term shall pay the assessed term fee in full.
- D. Registration fees are nonrefundable.
- E. The effective date of refund is the date the withdrawal notice is received in the Registrar's Office.
- F. Any refund due the student will be mailed to his or her address of record.

Residency Regulations

The following is the full text of regulations governing residency for tuition assessment purposes:

1. Since normally a student comes to The University of Michigan for the primary or sole purpose of attending the University rather than to establish a domicile in Michigan, one who enrolls in the University as a non-resident shall continue to be so classified throughout her/his attendance as a student, unless and until she/he demonstrates that her/his previous domicile has been abandoned and a Michigan domicile established.
2. No student shall be eligible for classification as a resident unless she/he shall be domiciled in Michigan and has resided in Michigan continuously for not less than one year immediately preceding the first day of classes of the term for which classification is sought.
3. For purposes of these regulations, a resident is defined as a student domiciled in the State of Michigan. A non-resident student is defined as one whose domicile is elsewhere. A student shall not be considered domiciled in Michigan unless she/he is in continuous physical presence in this state and intends to make Michigan her/his permanent home not only while in attendance at the University, but indefinitely thereafter as well, and has no domicile or intent to be domiciled elsewhere.
4. The following facts and circumstances, although not necessarily conclusive, have probative value in support of a claim for residence classification.
 - a. Continuous presence in Michigan during periods when not enrolled as a student.
 - b. Reliance upon Michigan sources for financial support.
 - c. Domicile in Michigan of family, guardian or other relatives or persons legally responsible for the student.
 - d. Former domicile in the state and maintenance of significant connections therein while absent.
 - e. Ownership of a home in Michigan.
 - f. Admission to a licensed practicing profession in Michigan.
 - g. Long term military commitments in Michigan.
 - h. Commitments to further education in Michigan indicating an intent to stay here permanently.
 - i. Acceptance of an offer of permanent employment in Michigan. Other factors indicating an intent to make Michigan the student's domicile will be considered by the University in classifying a student.
5. The following circumstances, standing alone, shall not constitute sufficient evidence of domicile to effect classification of a student as a resident under these regulations:
 - a. Voting or registration for voting.
 - b. Employment in any position normally filled by a student.
 - c. The lease of living quarters.
 - d. A statement of intention to acquire a domicile in Michigan.

COLLEGE OF ENGINEERING

It is permissible and generally desirable for a student to elect courses in addition to those required for the degree, provided the student has a clear understanding with the program advisor. This provides an opportunity to explore areas of cultural and professional interests, to augment the student's preparation for continued or professional interest, as well as to enhance the student's preparation for continued or advanced study in a selected field—either in engineering and physical sciences or in other areas such as business administration, law, medicine, dentistry, or education. Courses not applied to the engineering degree may be elected as pass/fail. (See page 80 for further information on P/F elections.)

Fee Regulations, Expenses, Indebtedness

A non-refundable application fee of \$40 for U.S. citizens (\$55 for foreign students) will be required of each applicant for admission to the University.

The Total Tuition and Registration Fees for one full term for the 1994-95 academic year were as follows:

	FALL 1994
Resident Lower Division	\$2,692
Resident Upper Division	\$3,349
Non-Resident Lower Division	\$7,942
Non-Resident Upper Division	\$8,925

Students enrolled as special students or guest students in the College of Engineering will be assessed the upper division fees.

The total expenses for upper division students for 1994-95 were approximately:

	FALL 1994
Michigan resident (two terms, academic year)	\$13,600
Non-Resident and Foreign (two terms, academic year)	\$24,800

Fees are subject to change at any time by the Regents of the University. Cost projections are based on the University Office of Financial Aid guidelines.

Detailed information relating to fees, deposits, payments, and refunds may be obtained in the Engineering Academic Records Office and/or may be found in the first few pages of the current *Time Schedule*.

Class Standing

The number of credit hours accumulated toward graduation at the close of a given term are used to determine a student's class standing for statistical purposes. Questions concerning class-level designations should be referred to the Engineering Academic Records Office.

	Class	Hours
<i>Lower Division</i>	Freshman	0 to 24
	Sophomore	25 to 54
<i>Upper Division</i>	Junior	55 to 84
	Senior	85 or more

A transfer student is classified in this manner for tentative adjustment of credit applicable to the elected program. On a prescribed program the student will be a senior when there are 35 hours or less to complete.

Withdrawal

A student who withdraws after registration shall pay a disenrollment fee according to the rules in effect at the time of withdrawal as published in the *Time Schedule* each term.

Indebtedness to the University

Proper observance of financial obligation is deemed an essential of good conduct, and students who are guilty of laxness in this regard to a degree incompatible with the general standards of conduct shall be liable to disciplinary action by proper University authorities. Students shall pay all accounts due the University in accordance with regulations set forth for such payments by the vice president in charge of business and finance.

When a student's account shows indebtedness, academic credits are withheld, no transcript of academic record or diploma will be issued, nor will future registration be permitted.

1995 - 1997

The J.D. Program: Financial Aid

Fees and Expenses

For Michigan residents in 1995-96, tuition and fees are \$7,910 for each term; for nonresidents, \$11,010 for each term. These fees entitle the student to the privileges of the Michigan Union, Michigan League, and the University Health Service, as well as access to numerous computer systems throughout the campus. In addition, there is a small fee per term for registration and student government assessments. All fees are payable in accordance with regulations established by the Vice-President and Chief Financial Officer of the University, providing only that said registrants may not defer payment of these fees beyond the end of the term in which they are assessed. Fees are payable prior to registration, at registration, or in two installments during the term.

A program of study involving nine hours or less (six or less in the summer) is considered a reduced program in the Law School, for which there is a special schedule of reduced fees. Students who withdraw immediately after the first day of classes must pay a disenrollment fee of \$50. Proportionally higher penalties are assessed later in the term.

Summer Term Tuition

For Michigan residents, the 1995-96 summer term tuition for a full program (7 hours or more) is \$4,961; for nonresidents, the full program tuition is \$7,135. Part-time summer fees are the same as those for Fall and Winter terms.

Health Coverage

Student Group Health Insurance is available. If this coverage is elected, its cost of approximately \$398 must be paid at the time of registration. This coverage extends for a full 12 months. Insurance to cover a student's dependents and to cover maternity costs may be purchased at an extra cost. The basic policy covers just the individual student.

Indebtedness to the University

Students are urged to make use of money orders or bank drafts to cover expenses. The Cashier's Office will accept drafts in payment of University fees. Personal checks will *not* be cashed, but will be accepted for the exact amount of fees. All fees and fee regulations are subject to change at any time by the Regents of the University. Students shall pay for all accounts due the University in accordance with regulations set forth by the Vice-President and Chief Financial Officer.

Books

Casebooks for classwork cost about \$720 per year.

Financial Aid at Michigan

The Law School's financial aid program endeavors to provide financial assistance to all full-time students seeking a Michigan J.D. who would be unable to meet the costs of their law school education if relying only on their own savings and support from their families. Michigan's aid program is very substantial and draws on a variety of Law School scholarship and loan funds, as well as funds from the federal government and other external sources. All aid applicants are expected to contribute part of their own resources and those of their

Science, and the Arts**

The University of Michigan

international educational systems and describes procedures for documentation of English language proficiency. Applicants requesting the *Student F-1 Visa* or the *Exchange Visitor J-1 Visa* are instructed in procedures for documenting financial resources.

International Center

The International Center provides information, advice, and referrals for those in the University community who are participating in or considering an international experience. American and international students, faculty, staff, visiting scholars, and alumni may obtain information regarding options for overseas study, scholarships, internships, work, volunteering, travel, and international careers through individual consulting and informational programs. The Center's library has one of the largest collections of its kind in the United States.

University of Michigan international students and scholars can rely on the International Center for support services, general information, orientation, and advice about visa and immigration issues, employment, cross-cultural issues, taxation, health insurance, and other practical concerns important to the successful program completion and quality of life of international students. The Center offers programs throughout the year on these and other topics of interest to international students and scholars, and hosts international social events for American and international students and scholars.

Non-degree Status (ND)

Non-degree status offers the opportunity to elect courses in the College to meet personal objectives without enrollment in a degree program. Consideration for admission as a non-degree student is determined by (1) certified good academic standing at another

college or university and eligible to return; (2) successful completion of a college degree; and (3) evidence of ability to succeed in university courses. Interested students should submit the *Non-Degree LSA Application* which is available from the Office of Undergraduate Admissions. Applicants may also be asked to submit an official transcript of their college work. High school graduates may not enroll as non-degree students in the spring or summer terms prior to their first term of enrollment as a degree-seeking student at any college or university.

The Office of Undergraduate Admissions grants admission as applications are received. *If non-degree status is granted, the student may register for courses only on or after the first day of classes of the term for which admission has been granted.* This is to ensure that degree seeking students have first priority in electing courses. Non-degree students may register for any course so long as it is open or an *Electronic Override* can be obtained.

The Registrar's office maintains an official transcript of all courses elected by each non-degree student. Non-degree students are subject to the same policies that apply to degree seeking students. They are expected to maintain a minimum 2.0 grade point average to be eligible for continued enrollment.

If non-degree students plan to seek a degree from the College, they should discuss their interests with both an admissions and an

academic advisor. Non-degree status is not changed to degree status except by formal application through the Office of Undergraduate Admissions. Successful completion of work elected as a non-degree student is considered but does not ensure admission as a degree student. If admission as a degree student is granted, credit earned during

enrollment as a non-degree student may be applied toward a degree; it is considered in-residence credit (see *Residence Policy in Chapter IV*) and earns honor points.

Students dismissed from the College for unsatisfactory academic performance may not enroll as non-degree students. No student having an academic stop in any unit of the University as a degree seeking student may be admitted to non-degree status without receiving special permission from the Office of Undergraduate Admissions. A student who has a degree from any unit of the University of Michigan is eligible to apply for non-degree status without the lapse of a full term. Non-degree status is neither intended to accommodate qualified degree applicants who apply after the deadline or after enrollment limits for a particular term have been reached nor is it ordinarily intended to accommodate high school students who wish to elect college-level courses.

Non-degree students who would like to discuss their academic plans are encouraged to contact the LSA Academic Advising Office. Since academic advisors do not have access to academic records for non-degree students, a copy of any relevant transcripts (or other materials) should be brought to the advising appointment. For information about College policies and procedures, non-degree students should use the resources of LSA Checkpoint (see *Chapter II*).

General Information for All Admitted Students

Enrollment Deposit. A newly-admitted student is required to pay a two hundred dollar non-refundable enrollment deposit in accordance with instructions provided by the Office of Undergraduate Admissions. Upon enrollment, this deposit is applied toward the tuition and fees for the term for which a student is admitted. Failure to enroll for *that* term of admission results in forfeiture of the entire two hundred dollar deposit.

Questions and correspondence concerning the enrollment deposit should be directed to the Office of Undergraduate Admissions, 1220 Student Activities Building, University of Michigan, Ann Arbor, Michigan 48109-1316.

Undergraduate Tuition and Fees

The tuition and fees assessed by the University of Michigan are subject to change without notice by the Regents of the University. The information provided below is intended for general information purposes.

The tuition is a student's contribution to the costs of instruction and library services. In addition, a registration fee (\$80.00 for a full term and \$40.00 for a half term), a college

government fee (\$1.00), a student association fee (\$6.62 for a full term in 1994-95) are assessed. The tuition schedule is based on the number of credits elected during a specific term as well as on residency status (see *Residence Regulations* in this chapter) and class standing: *lower-division* (up to 54 credits toward a degree program) or *upper-division* (55 or more credits toward a degree program). The following tuition information is applicable only for undergraduates enrolled at the University of Michigan (Ann Arbor) during the 1994-95 academic year. Tuition for the 1995-96 academic year is subject to change. Tuition for the 1994-95 academic year for a full program (12-18 credits) was \$2520 per term for Michigan resident (lower-division) students; \$7866 per term for non-Michigan resident (lower-division) students; \$2777 per term for Michigan resident (upper-division) students; and \$8429 per term for non-Michigan resident (upper-division) students.

The tuition schedule for programs of less than 12 credits or more than 18 credits varies according to the specific number of credits elected, residency status, and lower/upper division status. Current tuition and fee schedule information is available from the Office of the Registrar. Tuition and fees are payable prior to registration, after registration, or in two installments during a full term (one installment during a half-term). The number and dates of installment payments are specified prior to the beginning of each term.

This information refers to tuition *only* and does not include the cost of housing, board, or personal incidental expenses. University housing rates are available from the University Housing Office. Information about average student expenses based on class-level, residency, marital status, and family size is available from the Office of Financial Aid.

Students are required to pay all accounts due the University in accordance with regulations set forth for such payments. Students with a "financial hold" are not able to register and cannot obtain a transcript of previous academic work.

Financial Assistance

The Office of Financial Aid (OFA) helps students locate financial resources, administers financial aid programs, and assists students with budgeting. Most aid is awarded on the basis of financial need. Students are encouraged to take advantage of financial counseling services even if they are not receiving financial aid. Emergency and/or short-term loans are available to all University of Michigan students from OFA for educationally-related expenses.

Entering students who wish to apply for financial aid should (1) submit the FAFSA (Free Application for Federal Student Aid)

in the envelope provided in the booklet; and (2) provide to OFA copies of federal income tax returns [parent(s) and student]. The FAFSA is available from high school guidance counselors, by mail from any college financial aid office, or by request from 1-800-4FEDAID.

Continuing students, to reapply each year, should (1) complete the Renewal FAFSA, or a FAFSA if they do not receive the Renewal FAFSA from the U.S. Department of Education; (2) submit an OFA Request for Funds to OFA; and (3) provide federal income tax returns [parent(s) and student] to OFA. Application materials are available at OFA.

Undergraduates are considered for grants, scholarships, loans and work-study employment. Scholarships for entering undergraduates are awarded through the admissions process.

For further information, consult the undergraduate admissions materials, or contact the Office of Financial Aid at (313) 763-6600 to talk to a financial aid officer or to request information.

LSA Scholarships

Undergraduates who have completed at least one term in LSA may apply for LSA Scholarships. Students must have a high GPA and must show financial need. Contact the Office of Assistant Dean for Student Academic Affairs (1402 Mason Hall) for information.

Orientation

The Office of Orientation provides orientation programs that assist students in making their entry into the University as smooth as possible. Orientation offers students the opportunity to talk with an academic advisor, plan a course of study, register for classes,

meet new friends, and obtain special assistance as they become familiar with the University and its resources. These programs, offered prior to each academic term, serve students admitted to most schools and colleges of the University of Michigan. All new freshmen and transfer students, including transfer students from the University of Michigan-Dearborn and the University of Michigan-Flint, are required to participate in orientation in order to register. Cross-campus transfer students, non-degree students, and readmitted students are not required to participate although they are welcome to do so if they wish.

All students admitted for a fall term are expected to participate in a three-day orientation session in a residence hall on campus during the summer. Those who are unable to participate in the summer attend an alternate program scheduled just prior to the beginning of the fall term. The Office of Orientation sends complete information about these programs to students admitted for fall term beginning in April and to students admitted for other terms about four weeks before the term begins.

Registration

All students are required to have and to use a social security number for registration and record purposes. New students receive all necessary registration materials by participating in the official Orientation Program conducted by the Office of Orientation. Students enrolled in the College of Literature, Science, and the Arts register and make drop/add changes through the CRISP system. CRISP (Computer Registration Involving Student Participation) is a university-wide, touch tone registration system. All students should register by the end of the registration period indicated in the academic calendar. Late registration carries an addi-

Medical Center

MATRICULATION

Orientation

A formal orientation program is held in mid-August for all incoming medical students. Specific information concerning this program is mailed to students during the summer before they begin medical school. Information concerning coursework, health insurance, counseling services, and "getting around Ann Arbor" is provided to students immediately prior to orientation. Each student receives a copy of the Medical School Handbook during orientation; the handbook provides policies, procedures, and information related to medical education at the University of Michigan.

Medical School Registration

All students are formally registered each term (Fall and Winter) during the basic science phase, and once a year (June) during the clinical phase. The Medical School registers via the University of Michigan's CRISP (Computerized Registration Involving Student Participation) system.

Registration for entering medical students includes having a photograph taken, issuing a UofM identification card, providing address information and turning in immunization forms.

Students with prior "hold credits" (placed on student accounts for unpaid debts)* cannot be registered with their class until the hold credit has been released by the Office of Student Financial Operations.

Concurrent Registration

Students who wish to be registered concurrently in two schools at the University should obtain permission from the Associate Dean for Student Programs. Double registration does not permit students double credit for any course or program of study. When enrolled concurrently in two schools, students will be charged the higher tuition, usually that of the Medical School.

Fees and Expenses

During the 1994-95 academic year, estimated tuition fees for full-time (14 or more credit hours per term) medical students will be \$23,484 per year for nonresidents and \$14,700 per year for residents. Additional miscellaneous registration, student assembly, and school government fees totalling \$183 per year are charged to resident and nonresident students. Students are responsible for paying their fees in four equal installments during the academic year. Tuition rates usually increase annually.

Laboratory fees. Laboratory fees are charged by several of the basic science courses.

Microscope fees. Microscopes are furnished for use in the basic science laboratories. Students might, however, wish to rent microscopes for use at home.

Health Insurance. Student group health insurance is available to all students. Information is available through the Medical School Office of Curricular Affairs, C5124 Medical Science I. For more detailed information, foreign students should go to the International Center and U.S. citizens should go to the office of the Michigan Student Assembly.

Books and Journals. Estimated expenditures for Medical School books and journals for the 1994-95 year are \$700 for the first year, \$500 for the second year, \$250 for the third year, and \$120 for the fourth year.

Instruments and Supplies. The expenses for instruments and supplies for the 1994-95 academic year were estimated as follows: \$430 for the first year, \$30 for the third year, and no expenses for the second and fourth years.

Living Expenses. The cost of meals and lodging can, of course, vary depending upon the type of accommodation. For unmarried students, such expenses can be estimated at an average of \$9,390 for the academic year.

Reduced Curriculum. Medical students enrolled for fewer than 14 credit hours per term will be assessed tuition per credit hour. These charges per term during the 1994-95 academic year are \$896 for the first credit hour and \$794 for each additional credit hour for nonresidents; \$593 for the first credit hour and \$479 for each additional credit hour for residents. Miscellaneous fees as noted above are also charged.

Late Registration Fee. Students who register after the formal registration period during any term will be assessed a \$15 late registration fee.

Withdrawal Fees. Students who wish to withdraw should meet with a member of the Dean's staff to discuss the specific steps to be taken. Notice of withdrawal is sent automatically to the Student Accounts Office. Any refund due the student will be mailed to his/her home address. The amount assessed withdrawing students depends on the time of withdrawal.

Time of Withdrawal: (based on full-term schedule)	Fees Assessed
Registration-3rd week of class	\$80 registration fee \$50 disenrollment fee
4th-6th week	\$80 registration fee and 50% of the assessed fees
After 6th week	100% of the assessed fees
